

252 BASICS

Curriculum Materials for K-5th Grades

1. I need to make the wise choice.
2. I can trust God no matter what.
3. I should treat others the way I want to be treated.

Parents,

Luke 2:52 says "And Jesus grew in wisdom and stature, and in favor with God and men."

This scripture is the basis of our new curriculum we will be using with our 1st through 6th graders on Sundays and Wednesdays. Each week everything that we do will come back to this verse and three key words: WISDOM, FAITH, and FRIENDSHIP.

Along with focusing on those three things we will also be looking at a different Christian virtue each month, with September beginning with **Wisdom**.

The most important thing about using 252 Basics, is that it allows the parents to continue what was taught on a Sunday morning throughout the rest of that week. Some of the ways that you will be able to do this is through:

Godtime Cards: which is 4 devotionals you can do at home as a family.

Fridge Magnets: Fridge magnets allow the parents to know the Bible Story, the virtue for the month, the Bottomline, and also gives you questions you can discuss with your child.

Family Virtue Videos: These are videos that you the parent can have at home and watch and discuss throughout the month about the topic for the month. The Virtue videos will have to be discussed and ordered depending on the interest.

As parents, your involvement in your child's faith and spiritual growth is vital.

Did you know there are **8760 hours in a year**.

Did you know that the **average church** only has **40 hours** in a given year to influence a child's life.

Did you know that the **average family** has about **3000 hours** per year to influence a child's life.

We want to help and partner with you and your family.

If you have any questions regarding 252 Basics or how you could be more involved please let me know.

Bobby
